Transitional Intentional Interim Ministry Specialist Training

August 28-31, 2023

While this Jurisdictional training is specifically designed for those entering an interim situation (death of pastor, long pastorate, pastor leaving ministry, etc.), the training will help you deal with the everyday struggles you will find in any ministry setting. Congregations are hurting and TIIMS training is designed to be a prescription for healing.

Transitional Intentional Interim Specialist Training is a three-phase experience spanning six months of time.

- **Phase I** is a three-day and ½ day introduction to the concepts and of Interim Ministry where tools and techniques for this specialized ministry are presented.
- **Phase II** utilizes a ministry setting and applies the tools and principles learned in Phase I while being coached by a Phase I leader.
- **Phase III** re-gathers the group to further integrate the experiences of Phase II and is guided by the case studies written during Phase II.

Through this training you will learn how to integrate your proven pastoral skill set with the dynamic strategies of interim ministry. You will be equipped to provide pastoral leadership in new and effective ways for congregations with special transitional needs.

Due to a grant the usual cost of \$850 has been lowered to \$600.00

(Contact your local Conference to explore further grants available to training)
